**EVENT DÉCOR,
LIGHTING & AUDIO**

Caldera Event Group, LLC is made up of a wide network of experienced event professionals who plan, design and execute events on behalf of its clients as well as consult on same with the end goal of bringing social, corporate and charitable events to the proverbial next level. There are simply no limits to what they can offer - If you can dream it, they can create it; Design and fabrication of custom scenic elements, stock stage sets or ultra-lounge furniture.

SpotOnSound, LLC is a full-service live sound reinforcement provider offering a wide range of expertise from audio, lighting, video, production and talent acquisition unmatched in the event planning industry.

Together, the Caldera Event Group, in partnership with SpotOnSound Productions, combine their unique blend of

Décor, Lighting, and Audio expertise offering seamless and integrated end-to-end productions.

A truly "one-stop-shop" approach: One Contact, One Contract and One Invoice - Simple...

Caldera Event Group has one of the largest collections of theatrical and decorative drape, scenic elements, ultra-lounge furniture and stock stage sets in Colorado.

CUSTOMIZE

Be it a general session, corporate meeting, elegant gala celebration or a magical wedding environment, CEG can build a suite of elements that will complete the look and feel of your event by transforming the venue. From themed and logo backdrops to ultra-lounge furniture, to photosets and props, they have something for every event and everyone's taste.

It's no wonder that most of their competition rents from them and resells from their inventory. Duplication is the sincerest form of flattery... but why pay the additional mark up when you can come right to the source?

FABRICATE

With Caldera Event Group, there are no limits because they have skilled craftsman who can fabricate custom sets and props for your occasion. They can bring sunsets inside, fill a ballroom with moving water projections, suspend jumbo glowing orbs in a starry nighttime sky and create a stage proscenium adorned with crystal chandeliers.

Did we mention they have over thirty-five crystal chandeliers? They do and they are ready to ship to your venue!

Their professional staff of designers build moods and atmospheres limited only by the Laws of Physics, and even then, they will help clients create the illusion. If they don't have what the event requires in their extensive collection of décor, they will build it or source it. And if you're looking for simple accents, they have an extensive rental inventory for their clients to choose from.
